

In response to feedback on last year's conference, we have just ensured that all OIC 2009 attendees will be able to park at Mason Pond, which is GMU's parking deck that is closest to Johnson Center, our conference venue.

For your convenience, a jpg version of the GMU campus map is attached. It has both the Mason Pond Deck and the Johnson Center building highlighted in maroon. For a more interactive experience, you might want to check the [Mason Explorer campus map](#).

When entering the parking deck you will receive a parking ticket. Please make sure you get the ticket validation at the conference registration.
