

Douglas S. Corner

Extensive experience in consulting, software development, training, systems engineering, sales, and marketing for private enterprises, vendors, and Government.

Education:

B.A. – Double major Chemistry and Math
Otterbein College Westerville, Ohio 1969

M.S. – Physical Chemistry 1971
Ohio State University Columbus, Ohio

M.S. – Computer Science with Networking Concentration
George Mason University 2006

Additional hours of graduate courses
Computer Science, Electrical Engineering, Mathematics
Ohio State, George Washington, George Mason

Military:

Navy veteran, Viet Nam Era. Honorable discharge.

Certifications:

Microsoft MCSE
SANS General Security Essentials Certification
CA Unicenter
IBM Tivoli

Clearance

Active Secret Clearance

Systems Management Tools

All NetIQ Products
Tivoli – Completed partner training
CA Unicenter – Completed basic and advanced training
Microsoft Operations Manager
Self developed SNMP collection tool
DeskTalk
Experienced with both Windows and Linux / Unix

Programming Languages

C / C++
Java
Visual Basic
PERL
SQL
Assembly language for a number of systems
Miscellaneous (PASCAL, LISP, Fortran, COBOL, ...)

Experience:

Ohio State University Columbus, OH – 1969 - 1971

Graduate Student and teaching assistant, Chemistry Department

Chemical Abstracts Service, Columbus, OH- 1971 - 1974

Programmer Analyst, Project Leader. Assembly language programming on IBM mainframe and Four-Phase minicomputer. Designed and led the development of on-line data entry system.

Four-Phase Systems, Columbus, OH and Cupertino, CA – 1974 - 1982

Systems engineer, National Technical Specialist, Product Manager, support center manager (SNA). Pre-sales systems engineer. Developed and taught operating systems internals class to SEs. Developed a number of performance analysis tools. Worked for a number of years as a "Last ditch" technical specialist. Numerous programming projects

Ungermann-Bass (UB Networks) – Vienna, VA – 1982 - 1994
